

IS-DF103 Series

Compact size media converter, 2 10/100BASE-TX to 100BASE-FX

The IS-DF103 Series support one (1) 100BASE-FX, two (2) 100BASE-TX ports, which designed for mission critical Fast Ethernet to fiber Industrial media conversion applications. The IS-DF103 Series can be powered by wide range of DC power inputs. With its compact, easy to use design, the IS-DF103 Series can be installed on Din-Rail or be wall-mounted. As the ideal unit for IP surveillance, traffic monitoring and Security application in critical environments, the IS-DF103 Series also works great in extreme environments with its operating temperature is -40°C to 75°C, which is good for operating in extreme environment for network extensions.
